The Reeve of the Township of Thorold, presented a receipt from County Treasurer, for \$26.50, amount refunded from former grant *re* Ida Bowman.

Moved by Mr. Misener, seconded by Mr. Mawhinney,

That whereas Alexander Shields did, on the 13th of January, 1855, purchase from the County of Welland 84 acres of land, being the south part of lot 14, in the 4th concession of Wainfleet, and gave a mortgage for £94 1s. 3d., being the balance of the purchase money of said lands ; *Re* Mr. Shields' indebtedness.

And whereas by direction of this Council, said mortgage was renewed on the 27th of November, 1874, including interest to that date, which then amounted to \$617.12, which renewed mortgage now amounts to \$844.18 ;

And whereas Mr. Shields is desirous of having that part of the lot, containing 34 acres, north of the Feeder, released from the operation of the said mortgages ;

Be it therefore resolved, that the request of Mr. Shields be granted, upon condition that he do pay, or cause to be paid, all interest due upon the renewal of mortgage, to 1st June, 1883, and all expenses in connection, and that the Clerk be instructed to attend to the matter in the interest of the County.—Carried.

And whereas payment was made on this basis ;

And whereas it seems probable that the said tract contains considerably less than 5320 acres ;

It is therefore resolved, that in the event of its being ascertained, after a regular survey, that the tract is deficient in acreage, as is surmised, this Council pledges itself to repay to Messrs. Willson and Reavely whatever amount the deficiency would represent, it being understood that they are to pay to the County a similar sum additional to that named in the deeds to them as the consideration of their purchase if the survey shews an acreage in excess of 5320 acres.—Carried.

REPORT OF COMMITTEE ON FINANCE.

To the Warden and Councillors of the County of Welland :

Your Committee on Finance beg leave to present this their report, and recommend the payment of the several accounts as mentioned therein :

Morris, Stone & Wellington.....	\$ 6 50
Jas. H. Ball, School Inspector.....	13 12
Steele Bros.....	1 80
J. J. Sidey.....	7 73
W. H. Anger.....	3 00

The account of Thos. Smith which was referred to your Committee, amounting to \$14.00 for expenses in connection with the arrest of Claude Lester, your Committee cannot recommend payment, as the County is not compelled to pay for the negligence of the official in connection with the matter of arrest.

Your Committee had presented them an account of the late Dr. John Frazer for expenses, &c., in connection with deputation to Ottawa regarding Marsh Lands, in the year 1875, and other expenses with Marsh Lands; but upon examining reports of those years, find accounts have been paid.

Your Committee also beg leave to report that they find it will be necessary to raise by assessment in the different municipalities, the sum of \$11,084.22, which will be a rate of one and one-quarter mills on the equalized value of the County.

REPORT OF THE ROAD AND BRIDGE COMMITTEE.

To the Warden and Councillors of the County of Welland in Council Assembled :

Your Standing Committee on Roads and Bridges beg leave to submit this their first report :

Your Committee have had the Montrose Bridge repaired by Wm. Burns, at a cost of \$35.00, and recommend that the Warden issue his cheque for that amount. Your Committee are at the present time having several county bridges repaired. We were informed that the Port Robinson Bridge was unsafe, and on Friday last your Committee examined said bridge, and we found it very unsafe, so much so that we caused timbers to be put at each end of the bridge to prevent it from being used, and also put notices on the bridge stating its condition as being unsafe for use. The bridge is now being repaired, and will in a few days be open for public use.

Your Committee would recommend that the sum of \$25.00 be granted (provided the County of Lincoln make a like grant) for the purpose of making a ditch on the county line between Counties of Lincoln and Welland. If the ditch is made several bridges that have to be now kept up by both Counties can be dispensed with, which will in the end result in saving expense to the counties.

Your Committee would also recommend that the Government memorialized to send a Provincial Land Surveyor to establish a part of the county line between the Township of Pelham, in the County of Welland, and the Township of Gainsborough, in the County of Lincoln.

Your Committee would also recommend that the Warden issue his cheque in favor of W. Crigger for \$2.45 for repairs done to the O'Reilly Bridge.

Your Committee and the representative of the town agreed to recommend to their respective councils the advisability of changing time of settlement of amounts between town and county from time specified in former agreement to beginning of month of July, thereby giving Committee the advantage of auditors' report, when the several amounts can be more accurately and readily arrived at.

Council Assembled :*

GENTLEMEN :—

Pursuant to directions given at the January Session, I communicated with the Minister of Railways and Canals in reference to the claims of the county against the Government for 20 42-100 acres of land, forming part of lots 27 and 28, in fourth concession of Humberstone, taken by the Government for canal enlargement.

I beg to report, that with the assistance of Ham Perry, Esq., one of the Government valuers, and John Ferguson, Esq., member for the county, a favorable report of the claim by letter of Dr. Ferguson, of date 9th of May, ult., stating "that the amount due the county would be paid in a short time," since which time I have heard nothing further. Letter referred to I herewith submit.

Respectfully submitted.

GENTLEMEN :—

In pursuance of a resolution passed at January Session of this year, I have the honor to submit the resolution passed at same Session, engrossed and framed for presentation to Edward Lee, Esq., late reeve of Wainfleet, which I trust may be entirely satisfactory to the Council, as I have endeavored to get it as near perfect as possible, that it might be a credit to those who gave, and pleasing to him who receives, not as to value, but from the knowledge that after long services he is still honored and respected by all.

Cost of same is as follows :

REPORT OF COUNTY CLERK *RE* REGISTRY OFFICE GROUNDS.

To the Warden and Councillors of the County of Welland in Council Assembled :

GENTLEMEN :—

At January Session last, the Registry Office grounds were put in my charge, since which time I beg to report the following expenditure. The amount for labor was caused by no prisoners fit for work being in the gaol when the work was needed. As the grounds were in a very bad state, an extra amount of work had to be done. Since getting them into better shape, the labor required will be much less, which I trust can be furnished by the prisoners.

The accounts receipted for the several expenditures, are herewith submitted, and are as follows :

James Willson, 7 1/2 days work	\$ 7 50
Lewis Black, 9 loads dirt	6 25
David A. Doan, 19 maple trees, and setting	6 65
Wm. Hern, re-setting	50

All of which is respectfully submitted.

REPORT OF COUNTY INSPECTOR OF PUBLIC SCHOOLS.

County School Inspector's report for the year 1882 :

A. FRASER, ESQ.,

Warden of the County of Welland :

SIR :—

Having reported in January last the number of schools under my jurisdiction for the year 1882, I have the honor now to supplement that report by further statistics, which, owing to the incomplete state of the returns, I was unable to supply at that time :

And the average attendance, 2474, or about 43 per cent. of the total enrolled.

The great disparity between the number enrolled and the average attendance may in some measure be accounted for by the fact that a proportion of the older scholars attend school during the winter months only. And also that out of the 221 days, which was the whole number of teaching days in the year, the average number of days the schools were kept open was only 206.

After making due allowance, however, for these circumstances, we shall still find that irregularity of attendance prevails to a great extent. The beneficial effects of the compulsory clause of the law by which the parent or guardian of every child between the ages of 7 and 13 years inclusive, is required to cause such child to attend a public school, or some other school in which elementary instruction is given, for the period of 55 days in each half year have not as yet been largely experienced. Steps are now being taken, however, to bring delinquents more prominently forward, and also trustees who fail to cause the law to be put into effect.

During the year improvements in the accommodations were made in a number of the schools. In one section a new school house was built ; in a number of other sections new furniture of the most approved make was provided, school lots enlarged or planted with shade trees, wells dug, or better equipments provided.

Order and Discipline.

Discipline is essential to the teacher's efficiency and the pupil's progress, nor are the effects of discipline confined to the six or seven years of school life. The habits acquired during this most impressive period will unavoidably have an important influence in after life. Habits of punctuality, diligence, accuracy, neatness and order, are among the most important means of success in any calling, and the discipline of the public school should be such as to impart habits such as these. The order and discipline during the year, although the highest excellence had not been reached in all the schools, were yet in some of them highly satisfactory, and the tendency in the others is generally towards improvement.

County Model School.

The number of teachers trained at the County Model School was 9, all of whom were females, and all were awarded certificates at the close of the term, which was of three months duration, after passing an examination in the theory and practice of teaching. The fee charged each teacher in training, was \$5 for the term.

Memorial Fund.

The appeal for contributions to the Ryerson Memorial Fund was responded to by several sections, and the amount contributed, \$35.60. The county has not, I think, done its best. A more general response would better show appreciation of the work ac-

complished by the founder of our school system, and it is fitting that such appreciation should be manifested in the substantial way proposed, as only about half the amount required for the erection of the memorial contemplated has as yet, I believe, been raised. The subscription list is still open, and we yet have the opportunity of making a more suitable response.

I have the honor to be,

Sir,

Your obedient servant,

JAMES H. BALL,

APPLICATION OF COUNTY AGRICULTURAL SOCIETY FOR A GRANT.

*To the Warden and Councillors of the County of Welland in Council

GENTLEMEN :—

We, the undersigned, have been appointed a Committee to solicit from your honorable body such aid to the County Agricultural Society as your honorable body in your wisdom may see fit to grant.

J. H. PRICE.

F. SWAYZE.

JOHN GAINER.

Welland, May 6th, 1883.

RE A. McCULLOCH'S CLAIM FOR INTEREST.

THOROLD, June 4th, 1883.

To the Warden of the County of Welland:

DEAR SIR :—

I loaned to the County of Welland on the 19th August, 1881, the sum of \$3500 for the year at 6 per cent. At the expiration of the year I called upon the Warden for a renewal of the note, or a settlement. He said that if I allowed the matter to go on till the next meeting of the County Council they would either renew the note or pay me interest on the interest due. At the next meeting of the council the Warden was empowered to do as he saw fit in the matter, and the council agreed that I should receive interest on the interest due until some settlement was effected. As proof of this agreement, I enclose the Warden's letter to me of Oct. 24th, 1882. The money was tendered me on the sale of the Marsh Lands, which money I accepted, rather than enter upon a suit at law.

I therefore trust to the honor of the County Council in the matter, and respectfully tender my claim of \$5.95 for arrears of interest.

I have the honor to be,

Sincerely yours,

A. McCULLOCH.

Interest due Aug. 19th, 1882, \$210.00. My claim is the interest on the above \$210.00 from the 19th Aug., 1882, to the 9th Feb., 1883, when the settlement was made: five months and nineteen days, at 6 per cent., \$5.95.

HUMBERSTONE, Oct. 24th, 1882.

SIR :—

Yours of yesterday to hand, and contents noted. The council was of the opinion if it was agreeable to you, to let it run until the fall. They are willing to pay you interest upon the interest due

on note. You can see the advisability in it as they have sold the Marsh Land tract, and if the purchaser meets his obligation we will have funds to pay the note ; if not, I will renew same at the next meeting of council.

Yours, &c., &c.,

ELISHA FURRY,

Warden.

A. McCULLOCH, Esq.,

Thorold.

FROM THOS. WILSON, *RE* PAYMENT OF MORTGAGE
ON MARSH LANDS.

MARSHVILLE, May 18th, 1883.

Mr. Fraser, County Warden, Thorold, Ont :

DEAR SIR :—

The mortgage the county holds against us falls due on the 20th. I regret to say we are not prepared to meet it just on time, though we are collecting means for the entire discharge of it, which we hope to be able to do within a few weeks. If the treasury is low we can furnish a couple of thousand at the present time. There is, we have reason for believing, considerable shortage on the lands we bought, for which we shall ask the county to make a suitable reduction as soon as we may be able to ascertain the amount, as it was under representations they were full at the time of their transfer.

Very respectfully yours,

THOMAS WILSON.

FROM R. HARCOURT, ESQ., *RE* SURVEY OF MARSH
LANDS.

WELLAND, June 6th, 1883.

DEAR SIR :—

In deed of county lands, County of Welland to Thomas Wilson, the acreage named, you will remember, is 5320 acres. It is highly probable that a survey will show that the tract does not contain this quantity of land, and that the deficiency will be considerable. We were assured when completing the purchase that the lots would be full, and we expected to pay \$3.50 per acre. If a survey shows an acreage in excess of 5320 acres, we will expect to pay a sum additional to that named in the deed. On the other hand, if a survey shows a considerable deficiency, we feel warranted in asking the county to grant us a rebate.

Mr. Wilson is about to pay off the mortgage ; it becomes necessary, therefore, to call your attention to the matter, else in the event of there being a deficiency in acreage, our payment of the mortgage might be considered as a waiver of our rights. Will you please mention the subject to the council.

Yours respectfully,

RICHARD HARCOURT.

SIR :—

Referring to your letter of the 8th February last, on the subject of the sale to the Government by the corporation of the County of Welland, for Welland Canal purposes, of 20 42-100 acres of land, forming part of lots 27 and 28, 4th con., Humberstone, on the 29th April, 1854, the Provisional Council of the County of Welland, otherwise called commissioners, or building committee of said County, executed a mortgage to Her Majesty in connection with the conveyance to that municipality of "The Great Cranberry Marsh," in which said property was com-

prised—which mortgage provided, amongst other things, for the construction of a drain, as described therein, through the centre of the said Marsh Lands.

I am to request that you will be pleased to state, for the information of the minister, what action was taken in regard to the formation of this drain, and whether the conditions of the transfer of the property to the municipality were duly observed.

SIR :—

Referring to the petition of the County Council of Welland for the survey of the town line between Thorold and Pelham, I have to draw your attention to the fact that the petition states that the original road allowance between Thorold and Pelham extends south to the south-west angle of lot two hundred and thirty-four (234). This is evidently an error, as said lot does not come near the boundary. Please state what lot in Thorold is intended. It is presumed the council wish the line to be defined under section 34 of chapter 146, Revised Statutes of Ontario, by planting stone monuments at the end of the concession lines abutting on the town line.

Please state what Provincial Land Surveyor the council would wish the instruction to be issued to, and also what surveyor it would wish to perform the survey in Wainfleet, also petitioned for by the council.

J. C. Page, Esq., Clerk of County of Welland :

FROM INSPECTOR OF PRISONS, *RE* PAUPER LUNATICS.

OFFICE OF THE INSPECTOR OF PRISONS
AND PUBLIC CHARITIES, ONTARIO.

PARLIAMENT BUILDINGS,
TORONTO, 14th March, 1883.

SIR :—

I beg to point out to you that unnecessary expense and inconvenience have sometimes been caused by the heads of municipalities sending pauper lunatics, under the provisions of 45 Vic., cap. 32, statutes of Ontario, to an asylum without first learning whether

the lunatic could be admitted. The proper course to pursue, when it is desired to get a lunatic into the asylum under the authority of said Act, is for the municipal officer to report and describe the case to the medical superintendent of the nearest asylum, and to apply to him for admission; the latter will then state whether the lunatic can be received, and if so, will issue the proper forms of certificates to be signed by the medical examiners. If this plan be adhered to, as it is in all private cases, the chance of a lunatic, after travelling perhaps a long distance, being refused an admission to an asylum, will be obviated, and the expense and inconvenience attended upon such an occurrence, avoided. It is to be remembered, that it is the duty of the medical superintendent of an asylum to refuse to admit a person whom he may not consider to be a fit subject for treatment, even if certified to be insane; besides which, he may at times have to refuse or delay admission for want of room, therefore, it is very important that he should be notified of the intention of the municipality before any action be taken.

Please bring this circular to the notice of the head of the municipality of which you are the clerk.

I have the honor to be, Sir,

Your obedient servant,

W. T. O'REILLY,

Inspector.

The Clerk, Municipality.

TENDER FOR PRINTING—W. H. BONE.

OFFICE OF THE THOROLD POST,
Thorold, June 6th, 1883.

*To the Warden and Council of the County of Welland in Council
Assembled.*

GENTLEMEN :—

In accordance with your request I beg leave to submit the following tender for the county printing for the year 1883-84 :

200 copies of minutes of each session, per page, 50c., same style as last year. Publishing list of convictions during the year, \$8.00. All other work, 25 per cent. below regular rates.

Yours respectfully,

W. H. BONE.

TENDER FOR PRINTING—ANGER BROS.

REVIEW OFFICE,
Niagara Falls, June 6th, 1883.

To the Warden and Council of the County of Welland :

GENTLEMEN :—

We respectfully tender for county printing for year 1883-4 as follows :

Per page of minutes, set without unnecessary blank space, and only one lead between lines, at one dollar per page. List of convictions, the year, \$20.00. All other printing, 15 per cent. less regular prices.

Yours truly,

ANGER BROS.

TENDER FOR PRINTING—WELLAND PRINTING AND PUBLISHING CO.

OFFICE OF THE
WELLAND PRINTING AND PUBLISHING CO.,
Welland, Ont., June 6th, 1883.

To the Warden and Councillors of the County of Welland in Council Assembled :

GENTLEMEN :—

We hereby beg to submit our figures for the printing of the County Council for the coming twelve months :

200 copies of minutes, per page, 44c. Printing list of convictions in *Telegraph* once each quarter, \$10.00. Other work required by your council, 25 per cent. below our regular rates.

Very respectfully,

WELLAND P. & P. CO.

P. S.—The above is the same as our tender was last year, and which was the lowest tender by \$16.48, as we notified you in our letter of the 9th June last, addressed to your clerk. We think, therefore, that as we were the lowest last year and still did not secure the contract, our tender this year should receive more than ordinary consideration at your hands. We would suggest the following as a basis of figuring on a tender, say :

Average number of pages per year, 250 at (our price) per	
page, 44c.....	\$110.00
Advertising list of convictions per year, one each quarter	
(our price):.....	10.00
	<hr/>
	\$120.00

The percentage on other work would speak for itself.

On this basis, which is the only correct one, we should have had last year's printing.

W. P. & P. Co.

TENDER FOR PRINTING—J. J. SIDEY.

OFFICE OF THE WELLAND TRIBUNE,
Welland, Ont., June 6th, 1883.

J. C. Page, Esq., County Clerk, Welland :

SIR :—

I herewith submit tender for printing for ensuing year as per terms of resolution of the council of Monday last, calling for same, viz :

200 copies of minutes, per page, 45c. Advertising convictions once each quarter, 50c. Other printing under contract, say 10 per cent. off. As bills of past years will show, there is but a trifling amount of this kind of printing, however.

Yours,

J. J. SIDEY,
Publisher,
Welland.
